“One Step towards WELLNESS”

The Vision Takes Shape...

"One Step towards Wellness"

A vision that we had when we took the first step towards dedicating an enterprise dearth to be a place, where would be no suffering, no sadness but only happiness and smiles. Biotrex takes this herculean task by formulation & manufacturing high quality, high nutrition health & wellness product to the world.

Biotrex is...

...A research-oriented, reliable partner to a large number of world class healthcare products manufacturing organization. It collaborates with them, and provides its resources and facilities to ensure the finest healthcare products. It is one-stop solution for all Nutraceutical & Ayurvedic products manufacturing and development needs.

Trusted Biotrex Expertise

Biotrex provides 'all-under-roof' healthcare solution (products & formulation) to its present and prospective customers world-wide. The service-package is a confluence of a dedicated corporate work-code, high-level research & development, cutting edge infrastructure, stringent quality control discipline, ultramodern facilities, equipment and machineries, modern F & D centre, along with an inspired work - force that takes pride in its uncompromising commitments.

The Biotrex Facilities
